## VF18

## 18mm Deep Graphic Lightbox

Designed for ultra-slimline wall-mounted displays with bright, uniform LED illumination

The slimmest lightbox in our range, the VF18 from Leach creates a show-stopping display for any interior.

A wall-mounted lightbox, it requires no assembly and has a plug-and-play illumination system, making for an exceptionally easy installation and operation. With interchangeable fabric graphics that can be swapped in-house, the VF18 is cost-effective for the long term with a reduced environmental footprint. What's more, with a customisable frame finish and a choice of lighting controls and colour temperatures, the VF18 lets your brand create a distinctive asset that truly mirrors your creativity.

Frame							Applications				Illumination		
Depth (mm)	Min. Size (m)	Max. Size (m)	Fabric Graphic	Rigid Graphic	Curved Shapes	Double-Sided	Wall-Mounted	Column Wrap	Suspended	Freestanding	Acrylic Lightsheet	Beam LEDs to Edge	LED Strip Backboard

## Specifications

- 18mm deep aluminium tension frame with acrylic lightsheet for fabric graphics
- Illuminated VF18 lightboxes use 6500K IP20 LEDs at the edges
- Available in sizes up to 1.2m x 1.2m to suit any space. Alternative sizes are available in the wider VF range
- Energy-efficient power consumption of 36W/Metre of lightbox length as standard
- Plug-and-play external power supply
- Supplied with Z bars for easy installation with hidden fixings and improved aesthetics

## Customisable Options

- Silver anodised finish as standard with the option to powder coat to any standard RAL colour
- For warmer shades of illumination, LEDs are available in 5000K, 4000K and 3000K colour temperatures
- Cut running costs by specifying high-efficiency eco-LEDs which consume only half the power of standard LEDs with no compromise to brightness
- Various control options including remote-control dimmers, DMX or DALI controls and Casambi controls

### LED COLOUR TEMPERATURE

3000K

4000K

5000K

6500K

## Eco-friendly Credentials

- Manufactured from widely recycled aluminium and acrylic
- The option of high-efficiency LEDs
- Built for a lifetime, the VF18 lightbox allows printed graphics to be updated without professional installation
- Lightboxes and printed graphics are eligible for the Leach back-to-base recycling scheme\*

## Compatible Graphics

- We recommend that the VF18 is paired with our Eco-Screen tension fabric, which delivers a high-definition finish for printed graphics
- Discover our full range of graphic materials on our website [weareleach.com](http://weareleach.com)
