

VF360

Modular Graphic Lightbox

Freestanding, lightweight and portable lightbox designed for exhibitions and events. Delivers bright LED illumination with 360 visual display.

The VF360 pop-up lightbox from Leach is a must-have marketing asset for any business seeking to boost its presence at an expo or raise the profile of a new retail product. A distinct and eye-catching way to showcase any offering, this modular unit delivers high-impact, multidirectional graphic display possibilities. It is also an easy-to-erect, on-the-go solution with plug and play functionality. Available in three sizes, the VF360 frame boasts a compact and lightweight design, coupled with a push-together construction and handy canvas bag, making it easy to store, transport and single-handedly assemble. With bright, energy-efficient LED illumination and an interchangeable zip-up fabric canvas for panoramic visual designs, the VF360 creates an innovative and impressive display that will ensure your brand stands out from the crowd time and time again.

Suitable For:

- Exhibitions and events
- Pop-up retail displays
- Step and repeat backdrops
- Window displays

Part of the Museum Studio Group

Specifications

- 250mm deep frame produced from a square, hollow aluminium box-section and compatible with zip-up fabric graphics
- A freestanding unit with an uninterrupted, four-sided graphic display area for maximum impact and improved aesthetics
- Beam LEDs positioned on the bottom panel of the unit achieve bright, even illumination without the bulk of a full backboard
- All VF360 frames are 1.5m wide and are available in three standard heights: 1.5m, 2m or 2.5m
- Energy-efficient power consumption of 70W/M2 as standard with a plug and play power supply and cable exits at floor level
- The VF360 has a flat pack design with a push-fit aluminium frame, making it easy for one person to assemble and dismantle without tools
- Discreet 10mm feet situated in each corner for enhanced stability on uneven surfaces
- Supplied with a handy canvas carry bag for ease of transportation and storage

Product Variants

- The "VF360 Table" is supplied with a solid tabletop in a range of finishes, with dimensions of 1m x 0.5m x 0.9m, and a weight of approximately 15.5kg
- The "VF360 Hanging Cube" is supplied with eye bolt hanging points at the top for ease of suspension, with dimensions of 1m x 1m x 1m
- The "VF360 Column" offers expansive branding opportunities, with dimensions of 1m x 1m x 2.5m

Eco-friendly Credentials

- Manufactured from widely recycled materials
- Very low energy consumption
- Designed for long-term reuse
- Its lightweight composition delivers reduced carbon emissions during shipping
- The VF360 lightbox allows printed graphics to be updated without professional installation
- VF360 frames and printed graphics are eligible for the Leach back-to-based recycling scheme*

Compatible Graphics

- We recommend that the VF360 is paired with our discreet zip-up fabric graphics, which deliver a high-definition print finish
