90mm Deep Graphic Lightbox

Designed for freestanding or suspended displays with double-sided, exceptionally bright, uniform LED illumination

Boost your brand's visibility from multiple perspectives with Leach's VF90 lightbox. A hardworking asset for any retail space or exhibition stand, this dual-faced unit will put your name in lights whichever way the footfall flows. Create a show-stopping spectacle with a freestanding unit or even install a VF90 overhead for a captivating display with a free-floating appearance. This profile can also be supplied in both convex or concave curved lengths to add depth to your lightbox, plus columns and corners can be easily accommodated with the addition of a 90° corner joint. With its interchangeable fabric graphics, the VF90 lightbox is sure to impress your audience time and time again as you swap out prints for each campaign or event, whilst minimising the environmental impact of your visuals. What's more, you can customise the VF90 with a range of lighting controls, colour temperatures and frame finishes for a unique, pause-worthy display solution.
